## Seven Students Become Math Competition Finalists

Seven Borgess students have qualified for the second part of the 14th annual Michigan mathematic prize competition, December 9.

They are seniors: Candice Forte, Laura Gawronski and David Pendracki; and juniors Susan Boldys, James Mitchell, Maureen O'Keefe and Francis Roginski. Each scored 18 or better on the test.

Describing the future situation of Borgess, or telling

Sponsored by the Michigan section of the Mathematical Association of America, colleges and universities, and industries, the mathematics prize competition is intended to foster a wider interest in mathematics and to focus attention on the necessity for mathematical training in most professions and trades. Twenty-two colleges and universities offer scholarships as a result of this test.

The first part of the test was multiple choice, designed to test general mathematical ingenuity. Part two is five problems which judge the way the student does problems.
